

IP Telephone

KX-NT321

Enhanced Communications Solutions

Powerful Communication Features that Fit your Budget.

Introducing the KX-NT321 — the latest addition to Panasonic's acclaimed NT300 series of IP telephones for business. It offers nearly the same functionality as its siblings but in a more cost-effective configuration. The NT321 includes a second LAN port for connection to a PC, so you can harness the power of an additional connection without extra clutter on your desk. It also supports Voice Encryption for extra security and features Automatic Rerouting to a secondary PBX should a disturbance occur.

Panasonic ideas for life
